

## Summit Centre Renovations Complete!

November 2019

### To All Referring Practitioners:

Our extensive renovations to MIC's Summit Centre clinic are finished and we are so pleased with the results. The clinic has been updated with a focus on providing the most advanced medical imaging in a modern, comfortable, patient-focused environment.

We very much appreciate your understanding as we worked through the renovations. Now we are back to full capacity and offering the following exams at Summit Centre:

- Bone Densitometry
- Breast Imaging:
  - Mammography using 3-D Digital Breast Tomosynthesis (DBT)
  - Automated Breast Ultrasound (ABUS)
- Nuclear Medicine
- Pain Management
- Ultrasound
- X-Ray

Plans are underway for a grand reopening at MIC Summit Centre to kick off 2020. We look forward to showing you our updated clinic and will have radiologists and technologists on hand to answer your questions.

Thank you again for making MIC your choice for your medical imaging needs. We appreciate your referrals and look forward to continuing to work with you towards better outcomes for your patients.

We invite you to contact Simone Touw, Client Relations Manager via email ([stouw@mic.ca](mailto:stouw@mic.ca)) or by phone 780-702-0597 should you have questions.
